

## Barcol impressor

The Barcol impressor is a portable, durable and convenient tool for testing the hardness of plastics, fiber reinforced plastics, as well as soft metals like aluminum, copper, brass and their alloys.

The instrument is designed for use on fabricated parts and assemblies as well as on raw stock; it can be used in any space that will allow the operator's hand.

Comes complete with carrying case, adjusting wrench and two spare indenters.

### Features

- Easy to use, no experience required
- Versatile: can be used in any position, in any space
- Lightweight
- Easy conversion to HB, HR, HV and HW though conversion table

### Technical details

Model 934-1  
Indenter 26°, 0.176 mm  $\phi$   
Range 0-100 HBa (25-150 HBW)  
Resolution 0.5 HBa  
Weight 0.5 kg

### Standards

ASTM D2583 · ASTM D648 · NFP 38-501
